MTN Rwandacell Plc H1 2026 Trading Statement Notification

In accordance with the Issuer's Continuing Obligations under the Rwanda Stock Exchange (RSE) Rule Book 2013, which requires prompt disclosure of material information to enable proper assessment of the financial position of an issuer, MTN Rwandacell Plc (MTN Rwanda) hereby issues this trading statement.

MTN Rwanda is in the process of finalising its reviewed interim results for the six months ended 30 June 2026 (H1 2026) and wishes to inform the capital markets and the public that it expects to report a marked increase in profit after tax for the six months ended 30 June 2026, compared to the reported profit after tax for the six months ended 30 June 2025.

This represents a sustained turnaround, building on the momentum established in FY2025. The improvement has been driven primarily by solid operational performance, with strong growth across voice, data and fintech, underpinned by robust subscriber growth and expanding EBITDA margins as we continue to realize the benefits of our expense efficiency programme. This was further supported by non-operational factors, including lower net finance costs on reduced debt levels, as the business continues to normalize following challenging prior periods.

MTN Rwanda reaffirms its medium-term guidance of 'mid-teens' service revenue growth and EBITDA margins in the 40–42% range. We remain confident in the resilience of our strategy to deliver sustainable value for shareholders and the communities we serve.

MTN Rwanda expects to release its reviewed H1 2026 results on or around **18 August 2026.**

Ali Monzer
