MTN Rwandacell Plc Q3 2026 Trading Statement Notification

In accordance with the Issuer's Continuing Obligations under the Rwanda Stock Exchange (RSE) Rule Book 2013, which requires prompt disclosure of material information to enable proper assessment of the financial position of an issuer, MTN Rwandacell Plc (MTN Rwanda) hereby issues this trading statement.

MTN Rwanda is in the process of finalising its unaudited results for the period ended 30 September 2026 (Q3 2026) and wishes to inform the capital markets and the public that its Profit After Tax (PAT) for this period is expected to be higher than the comparative PAT for the period ended 30 September 2025.

This performance represents sustained momentum, building on the pleasing 2026 interim results. The improvement has been driven primarily by solid operational performance, with strong growth across data and fintech. These results are underpinned by robust subscriber growth and expanding EBITDA margins as we continue to realize the benefits of our expense efficiency programme. This was further supported by non-operational factors, including lower net finance costs on reduced debt levels, as the business continues to normalise following challenging prior periods.

MTN Rwanda continues to reaffirm its medium-term guidance of 'mid-teens' service revenue growth and EBITDA margins in the 40–42% range with a capex intensity range of 7 – 10%, as we advance our strategy and invest in leading digital solutions for Rwanda's progress.

MTN Rwanda expects to release its unaudited Q3 2026 results on or around **05 November 2026.**
